

More Power

More Torque

Smoother Driving

Better Fuel Efficiency

Exchange Intercooler

Nissan GU Patrol 3.0L ZD30 and CRD Ute and Wagon

We offer replacement intercoolers for the 3L ZD30 & CRD Patrols. The replacement core is welded in, unlike the factory one that is crimped & also has larger tubes for more air flow. This is an exchange product; please note we need the standard tanks returned. We also suggest that you install a specially designed Billet Catch Can to run with your new intercooler, to prevent the build-up of oil gathering in your new intercooler, which causes loss of efficiency.

We also manufacture larger performance intercoolers – [Eric please put link to performance intercooler page](#)
