

Snorkel Tops & Stainless Steel Adaptor

- The advantage in having a Ram Air Snorkel top is that it forces cool clean air into your engine which can lead to better drivability & efficiency.
- We offer a 3.5" Safari Snorkel Top and 304 Stainless Steel adaptor to suit: 70, 76, 78, 79 & 200 GX V8 4.5L Landcruiser.
- We also supply a 3" Tanami Snorkel top for those who want the snorkel to be more effective than standard, however are mindful of clearance issues as it sits 12cm lower than the 3.5" Safari Snorkel Top & Adaptor.

One piece snorkel

- One piece snorkels are far less susceptible to water and dust ingress and have a larger surface intake area which allows more clean air into the engine. The 70 Series V8 4.5L factory snorkel is manufactured in three parts which make it susceptible to water & dust getting into the engine bay, especially in 4wding conditions.

One piece Snorkels and Ram Air Snorkel Top and Stainless Steel Adaptors are available for sale at **TaipanXP**.
